*L'aspetto esoterico dell'esploratore*

A detailed black and white engraving of Amerigo Vespucci. He is depicted from the chest up, wearing a cap and a heavy, draped robe. He has a long, full beard and is looking slightly to the right. His hands are holding a large, circular map or chart with a grid of lines, likely representing a celestial or geographical map. The background is a fine, textured pattern.

AMERIC VESPVCE.
